DETAILED ACTION***Election/Restrictions***

Claim 47 is withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected species, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on September 27, 2005. Although claim 47 has been previously examined, Applicant's arguments filed March 16, 2007 have brought attention to the fact that claim 47 does not read on the elected species. As pointed out by Applicant, claim 47 recites the limitation "driving thin film transistors for driving an organic electroluminescent device *so that a certain amount of current flows through the organic electroluminescent device according to the data signals*" (emphasis added). This limitation reads on the embodiment shown in Figures 10 and 11, which was previously identified as Species V (see also paragraphs [0098] – [0101] of the instant specification). The Examiner had previously interpreted the above limitation as reading on the elected species (Species I, as shown in Figure 4). However, based on Applicant's arguments, it is clear that the Examiner's interpretation was incorrect. Therefore, claim 47 does not read on the elected species and is withdrawn from consideration.

This application is in condition for allowance except for the presence of claims 2,5-7,9-12, and 14-47 directed to an invention and/or species non-elected in the reply filed on September 27, 2005. Applicant is given ONE MONTH or THIRTY DAYS from the date of this letter, whichever is longer, to cancel the noted claims or take other appropriate action (37 CFR 1.144). Failure to take action during this period will be treated as authorization to cancel the noted claims by Examiner's Amendment and pass the case to issue. Extensions of time under 37 CFR 1.136(a) will not be permitted since this application will be passed to issue.

Art Unit: 2815

It should be noted that claims 2 and 7 would be rejoined if claim 2 were amended to depend from allowable claim 4.

The prosecution of this case is closed except for consideration of the above matter.

Allowable Subject Matter

Claims 3, 4, 8, and 13 are allowed.

The reasons for allowance were provided in the Office Action mailed on November 7, 2005.

Conclusion

This application is in condition for allowance except for the formal matters presented above.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).
